

Downloads and Notes

New Relic[®] for Atlassian Bitbucket Server[®] (formerly Stash)

Supports Stash 3.5 - Bitbucket 4.0

Downloads and Notes

This page will be updated with new downloads, as released.

If additional questions on the brief release notes, please [contact us](#) and we can provide more detail from our change list records.

Note: If the downloaded format is different than what is shown (for example, *.zip and should be *.jar), double-check your Browser settings (especially if using Internet Explorer).
