

Integrated Solutions

AlohaDXP (Integrated Digital Experience and Workplace Strategy and Platform)

AlohaDXP is a modern integrated digital experience (DX) & workplace strategy and platform for employees, customers, suppliers, or all. It is an “umbrella” enterprise architecture strategy to allow for gradual yet steady progress to your holistic digital transformation efforts. Organizations can quickly create, provision, and deploy unlimited integrated DXs for better results. [Learn more...](#)

- Modern no-code/low-code platform
- Secure integrated spaces/portals
- Unlimited results-driven use cases
- Drag & drop UI/UX designer
- Blueprints, templates, snippets
- Dozens of ready integration apps
- Internal and/or external user bases
- Embedded enterprise “app store”
- Content curation engine
- BI engine for behavioral trends, KPIs, IoT, sensor, or any disparate data
- Continually taught machine learning
- APIs, custom CSS, JavaScript, personalization support
- Extend w/ blockchain dist. ledger apps
- Scalable security for large enterprise
- Mobile ready and optimized
- Hybrid or cloud deployments

Digital Workplace Integration Applications and Services

Solutions for IBM Connections, DX, Atlassian Confluence, JIRA, etc.

- IBM Connections or IBM DX Integrations
- Single Sign-on Authenticators
- Translation Integrations
- Analytics Integrations
- Enterprise Essentials
- Dropbox Integrations
- Google Integrations
- Box Integrations
- Microsoft Integrations
- Alfresco Integrations
- Salesforce Integrations
- Doxygen Integrations
- New Relic Integrations

Yes, these systems (and more) should work together

It's really not too much to ask, dear customer. YOU are right!

IBM Connections or IBM DX Integrations

Note IBM DX (digital experience) is also called IBM Portal or IBM Commerce server.

Documentations for all IBM integrations is [here](#) - with on-the-fly translations.

video	AppSpokes QuickConnect	A universal connector allowing IBM Connections users to support/display miscellaneous embeddable content or static HTML-based web-content. For example videos (e.g. YouTube, Vimeo), slideshows (e.g. SlideShare), maps (e.g. Google Map), photos (e.g. Flickr) and more (e.g. Tweets, other open web-content etc.) These contents can be securely displayed within IBM Connections.	<i>For IBM CNX, DX cloud or on-premise</i>
video	Asana in IBM Connections	Integrates Asana, allowing IBM Connections users to search, access, preview, comment, create task lists and track analytics against Asana, directly from IBM Connections.	<i>Asana • IBM CNX, DX cloud or on-premise</i>
video	Box in IBM Connections	Integrates Box, allowing IBM Connections users to access, preview, upload, download, share, comment Box files directly from IBM Connections. Create, edit, save back files and more, coming soon.	<i>Box • IBM CNX, DX cloud or on-premise</i>
video	Confluence (by Atlassian) in IBM Connections	Integrates Confluence Wiki (by Atlassian), allowing IBM Connections users to search, list, edit, comment to, and embed Confluence wiki pages directly from IBM Connections.	<i>Confluence 5.6+ • IBM CNX, DX cloud or on-premise</i>
video	Dropbox in IBM Connections	Integrates Dropbox, allowing IBM Connections users to access, preview, upload, download Dropbox files directly from IBM Connections. Share, comment, create, edit, save back files and more, coming soon.	<i>Dropbox • IBM CNX, DX cloud or on-premise</i>
video	GitHub in IBM Connections	Integrates GitHub, allowing IBM Connections users to search, access, preview GitHub commits and issues, as well as track analytics against GitHub commits etc.	<i>GitHub • IBM CNX, DX cloud or on-premise</i>
video	GitLab in IBM Connections	Integrates GitLab, allowing IBM Connections users to search, access, preview GitLab commits and issues, as well as track analytics against GitLab commits, etc.	<i>GitLab • IBM CNX, DX cloud or on-premise</i>
video	Google Drive in IBM Connections	Integrates Google Drive, allowing IBM Connections users to access, preview, upload, download Google Drive files directly from IBM Connections. Share, comment, create, edit, save back and more, coming soon.	<i>Google Drive • IBM CNX, DX cloud or on-premise</i>

video	JIRA Server (by Atlassian) in IBM Connections	Integrates JIRA (by Atlassian), allowing IBM Connections users to access, search (basic and JQL), list, interact with (transition, comment), create issues, view agile boards (kanban or scrum), and more from within IBM Connections.	JIRA 7.2.X+ • IBM CNX, DX cloud or on-premise
video	JIRA Cloud (by Atlassian) in IBM Connections	Integrates Jira Cloud (by Atlassian), allowing IBM Connections users to access, search (basic and JQL), list, create issues, display charts, and more from within IBM Connections.	Jira Cloud • IBM CNX, DX cloud or on-premise
video	Microsoft OneDrive for Business in IBM Connections	Integrates OneDrive for Business, allowing IBM Connections users to access, preview, upload, download, share, rename, delete OneDrive files directly from IBM Connections. Create, edit, save back files and more, coming soon.	OneDrive • IBM CNX, DX cloud or on-premise
video	Microsoft SharePoint Online in IBM Connections	Integrates SharePoint Online, allowing IBM Connections users to access, preview, upload, download, share, rename, delete SharePoint files, and display SharePoint Lists directly from IBM Connections. Create, edit, save back files and more, coming soon.	OneDrive • IBM CNX, DX cloud or on-premise
video	Salesforce in IBM Connections	Integrates Salesforce, allowing IBM Connections users to search, access, preview, comment, create target lists and track analytics against Salesforce cases, directly from IBM Connections.	Salesforce • IBM CNX, DX cloud or on-premise
coming soon	Slack in IBM Connections	Integrates Slack, allowing IBM Connections users to configure, view, post, interact in Slack channels, and more, from IBM Connections.	Slack • IBM CNX, DX cloud or on-premise
coming soon	ServiceNow in IBM Connections	Integrates ServiceNow, allowing IBM Connections users to search, access, preview, comment, create target lists and track ServiceNow tickets, from IBM Connections.	
video	Watson Workspace in IBM Connections	Integrates IBM Watson Workspace, allowing IBM Connections users to configure, view, post, interact with spaces in IBM Watson Workspace, and more, from IBM Connections.	IBM Watson Workspace • IBM CNX, DX cloud or on-premise
video	WordPress in IBM Connections	Integrates WordPress, allowing IBM Connections users to view and interact with WordPress posts and comments, and more, from IBM Connections.	WordPress • IBM CNX, DX cloud or on-premise

video	Wrike in IBM Connections	Integrates Wrike, allowing IBM Connections users to search, access, preview, comment, and more, from IBM Connections.	<i>Wrike • IBM CNX, DX cloud or on-premise</i>
video	Zendesk in IBM Connections	Integrates Zendesk, allowing IBM Connections users to search, access, preview, comment, create target lists and track analytics against Zendesk tickets, from IBM Connections.	<i>Zendesk • IBM CNX, DX cloud or on-premise</i>

Single Sign-on Authenticators

Available	SSO SAML2 Authenticator for Atlassian Software	Users login to their desktop and are automatically logged into their Atlassian application.	Latest: <i>JIRA, Confluence, Crowd, Bamboo, FishEye, BitBucket, Crucible</i>
Available	SSO Kerberos Authenticator for Atlassian Software	Users login to their desktop via AD, and are automatically logged into their Atlassian application.	Latest: <i>JIRA, Confluence, Crowd, Bamboo, FishEye, BitBucket, Crucible</i>
video	Google SSO for Confluence	Securely into Confluence using Google log-in credentials.	<i>Google Apps • Confluence 3.5 - 6.X</i>
video	Google SSO for JIRA	Securely log into JIRA using Google log-in credentials.	<i>Google Apps • JIRA 5.X - 7.X</i>

Translation Integrations

video	SpeakMyLanguage Translations for Confluence	On-the-fly translations for all Confluence content.	<i>Bing • Confluence 3.5 - 6.X</i>
video	SpeakMyLanguage Translations for JIRA	On-the-fly translations for all JIRA content.	<i>Bing • JIRA 5.2 - 7.X</i>

Analytics Integrations

video	Mixpanel Engagement Analytics for Confluence	Rich, deep real-time analytics for Confluence.	<i>MixPanel • Confluence 3.5 - 6.X</i>
video	Google Analytics for Confluence	Site-wide and space-wide analytics of all Confluence activity.	<i>Google Analytics • Confluence 3.5 - 5.X</i>

Enterprise Essentials

video	Enterprise Directory & Org Chart	Enterprise directory and org chart for Confluence (AD/LDAP integration, with list filtering).	<i>Confluence 5.X - 6.X</i>
video	CFR Part 11 E-Signatures (FDA Compliance) for JIRA	Add an e-signature to your JIRA workflow. Includes printable audit reports.	<i>JIRA 5.0 - 7.X</i>
video	Sharpview Hi-Res PDF Viewer for Confluence	Rich-featured high-resolution PDF viewer in Confluence.	<i>Confluence 3.5 - 6.X</i>
video	Private Parts for Atlassian Confluence	Suppressing private profile names for external Wikis with restricted spaces.	<i>Confluence 5.4+</i>
video	PopView for Confluence	Tooltips plugin for Confluence.	<i>Confluence 3.5 - 6.X</i>

Dropbox Integrations

video	Dropbox in Confluence	Access, preview, embed, edit in Office apps, download local copies of Dropbox files, from Confluence.	Dropbox • Confluence 3.5 - 5.X
video	Dropbox in JIRA	Access, edit, download, preview, and link Dropbox files to JIRA issues directly from JIRA.	Dropbox • JIRA 5.2 - 6.X
Google Integrations			
video	Google SSO for Confluence	Securely log into Confluence using your Google Apps log-in.	Google Apps • Confluence 3.5 - 6.X
video	Google SSO for JIRA	Securely log into JIRA using your Google Apps log-in.	Google Apps • JIRA 5.X - 7.X
video	Google Drive in IBM Connections	Access, preview, embed, upload, download Google Drive files, from IBM Connections.	Google Drive • IBM Connections cloud or on-premise v5.0+
video	Google Analytics for Confluence	Site-wide and space-wide analytics of all Confluence activity.	Google Analytics • Confluence 3.5 - 5.X
video	Google Drive in Confluence	Access, preview, embed, edit docs, download local copies of Google files, from Confluence. Also supports forms.	Google Drive • Confluence 4.3.7 - 6.X
video	Google Drive in JIRA	Access, edit, download, preview, and link Google files to JIRA issues, directly from JIRA.	Google Drive • JIRA 5.2 - 7.X
Box Integrations			
video	Box in IBM Connections	Access, preview, embed, upload, download Box files from IBM Connections.	Box • IBM Connections cloud or on-premise v5.0+
video	Box in Confluence	Access, preview, embed, edit docs, download Box files from Confluence.	Box • Confluence 3.5 - 6.X
video	Box in JIRA	Access, preview, and link Box files to JIRA issues, from JIRA.	Box • JIRA 5.0 - 7.X
Microsoft Integrations			
video	MS OneDrive for Business in IBM Connections	Access, preview, upload, download OneDrive files, from IBM Connections. (<i>Share, create, edit, save back to OneDrive coming!</i>)	OneDrive • IBM Connections cloud or on-premise v5.0+
video	Microsoft SharePoint Online in IBM Connections	Integrates SharePoint Online, allowing IBM Connections users to access, preview, upload, download, share, rename, delete SharePoint files, and display SharePoint Lists directly from IBM Connections. Create, edit, save back files and more, coming soon.	OneDrive • IBM Connections cloud or on-premise v5.0+
video	Yammer for Confluence	Yammer feeds, commenting, interactions, and engagement, all from within Confluence.	Yammer • Confluence 6.X

Alfresco Integrations			
video	Alfresco in Confluence	Access, preview, embed, edit docs, download local copies of Confluence files, from Confluence.	<i>Alfresco 3.4 - 4.X • Confluence 3.5 - 6.X</i>
video	Alfresco in JIRA	Access, edit, download, preview, and link Alfresco files to JIRA issues, directly from JIRA.	<i>Alfresco 4.2 - 5.0 • JIRA 6.3 - 7.1</i>
Available	Alfresco SSO Authenticator for Crowd	Single sign-on authenticator between Alfresco and Crowd.	<i>Atlassian Crowd 2.X • Alfresco 3.4 - 4.X</i>
Salesforce Integrations			
video	Salesforce in IBM Connections	Search, preview, comment, and create and track (chart) focused Salesforce queries (SOQL), from IBM Connections.	<i>Salesforce • IBM Connections cloud or on-premise v5.0+</i>
Available	Salesforce.com to JIRA integration	Available upon request, since this requires deployment support by us to ensure success only.	<i>Salesforce.com • JIRA 5.X - 7.X</i>
Doxygen Integrations			
video	Doxygen for Atlassian JIRA	All your compiled Doxygen docs, in JIRA. Searchable, attachable, available.	<i>JIRA 7.X</i>
video	Doxygen for Atlassian Confluence	All your compiled Doxygen docs, in Confluence. Searchable, attachable, available.	<i>Confluence 6.X</i>
New Relic Integrations			
Available	New Relic for JIRA	Publishes JIRA database statistics to New Relic.	<i>New Relic • JIRA 7.X</i>
Available	New Relic for Confluence	Publishes Confluence database statistics to New Relic.	<i>New Relic • Confluence</i>
Available	New Relic for Bamboo	Publishes Bamboo database statistics to New Relic.	<i>New Relic • Bamboo</i>
Available	New Relic for Bitbucket Server	Publishes Bitbucket Server database statistics to New Relic.	<i>New Relic • Bitbucket Server</i>
