Atlassian JIRA® in IBM Connections®

Packaged ready to deploy integration

Supports IBM Connections cloud and on-premise v5.5+

Downloads and Notes

For this integration to work, you will need to download and install the Social Business Enabler (SoBiE) add-on and a JIRA AppSpokes plugin on your Atlassian JIRA server.

This page will be updated with new downloads, as released.

Plugin Name	Plugin Download	Plugin Version
JIRA AppSpokes plugin	Download	1.0.1
SoBiE plugin	Download	1.3.5
