## Enterprise Translation Hub™ for Atlassian Confluence®

*Integrated Lingotek - Translations automated. Enterprise-grade rich translations.*

### Pricing

The cost of Enterprise Translations Hub for Confluence is based on the number of languages and number of users on your Confluence system.

For fastest quoting, please send a copy of your System Info page from your Confluence system so we can also see if you have any conflicting plugins to be concerned with, since the translation system runs directly with Confluence.

The system supports a large set of plugins, after being tested, validated, and production used for 100s of 1000s of endusers and 10s of 1000s of pages translated into dozens of languages.
